

Neodent is partnered with ePractice Manager, one of the nation's leading dental consulting firms for general dentists.

As a valued Neodent client, you're invited to receive a complimentary consultation to address key challenges that impact your practice's growth and efficiency, such as:

- **Increasing practice profitability**
- **Improving case acceptance**
- **Strengthening staff retention & management**
- **Attracting new patients**
- **Streamlining scheduling and workflow**

About ePractice Manager

ePractice Manager specializes in customized consulting and training for dental practices. With decades of experience and a proven track record, they help dentists reduce the day-to-day management burden and focus on patient care.

“We’ve seen amazing support and growth while working less hours. Hands down the best investment I have made!”

–H.D., DMD, MD

“Within a short time we had streamlined our systems, began converting more treatment plans, and had a higher production rate.”

–B.M., DDS
